ROSES

f o r

1951

You will find this Show, as in past years, your best opportunity to become familiar with the newer Rose varieties and to renew your acquaintance with the older sorts.

Our competent rosarians will be on hand to help you with selections for your 1951 gardens and to advise you on your Rose problems.

Our Roses are grown in this immediate area where you will be planting them.

LOCALLY GROWN ROSES ARE BEST for LOCAL PLANTING

From the thousands of Rose varieties we have selected the following as most suited to local growing conditions and we feel our 30 years of rose experience qualifies us to make these selections.

For assistance in preparing the ground, planting the Roses and caring for them afterward, read our booklet WHEN, WHERE and HOW TO PLANT. It's yours for the asking.

We suggest making up your order from this list. You may leave order at office or with salesman or, if more convenient, put in mail.

Some varieties may be short this year. Please order early.

Prices listed are for bare-root Roses. Winter and early spring delivery.

TUTTLE BROS. ROSE SELECTIONS FOR BOUNTIFUL BEAUTY

Well balanced assortments of roses, carefully selected for their ability to thrive and produce a wealth of cutting buds. With two exceptions they are either Bagatelle Gold Medal or All America Award Winners—than which there are no higher awards.

BOUNTIFUL FOUR
